

Baby Blues

Hey now baby, I've been lied to
And I know it, when you look into
My baby blues

You're just trouble, and I don't like it
Listen baby, I've got news for you
I'm done singing your blues

You act like you're so damn hot
And you're thinking
That you're something to lose, well...

CHORUS:

Check out my baby blues
They ain't crying for you
You're just yesterday's news
To my baby blues

You keep telling me all your stories
But you don't know who you're talking to
'Cuz I'm on to you

So listen baby, you've done your talking
Do you're walking, 'cuz I won't be your fool
I've done paid my dues

Low life, double talking, out all night
Think you got it
But you ain't got a clue, just...

CHORUS:

Check out my baby blues
I ain't crying for you
You're just yesterday's news
And I'm through with you

Well now baby, you're done lying to me
And I know it, when you look into
My baby blues

Oh, you think you're so damn hot
And you're so sure
I won't get over you, well...

CHORUS:

Check out my baby
Check out my baby blues
They ain't crying for you
You're just last week's news
And I'm through with you
Look in my baby blues
You got what's coming to you
And it's been long overdue
And I'm through with you
