

Loan Me A Dime

Somebody loan me a dime
I need to call my old time used to be
Somebody loan me a dime
I need to call my old time used to be
Little girl's been gone so long
You know it's worryin' me
Hey, it's worryin', worryin' me

I know she's a good little girl
But at that time, I just didn't understand
I know she's a good little girl
But at that time, I just didn't understand
Somebody loan me a dime
You know I need
I need a helpin' hand

Now I cried, just cried
Just like a baby, all night long
You know I cried, just cried
Just like a baby, all night long
Somebody better loan me that dime
I need my baby
I need my baby, here at home
